Excerpt: . . . Comparative Results of a State-Wide Use of Standard Tests and Measurements Introduction The following study is the result of a continuation of the cooperative research plan for the purpose of devising tentative State standards for the use of certain educational tests and measurements the October results of which were published in Extension Series, No. 27. The occasion, plan of work, and method of procedure were explained in detail in that bulletin, and need not be again reported here. The work has been done under the direction of Dr. L. A. Williams, Professor of School Administration. The tabulation of statistics was carried on by Mr. L. L. Lohr, Jr. , until he was called into the service of the United States, when the work was carried to completion by Miss Ernestine Kennette. Method of Arrangement The first set of tables gives the median scores for each grade for both the October and the May series of tests, and also gives the increase or decrease of the May results as compared with those in October. These tables are designated A2, A3, A4, A5. The table corresponding to Table Ai in the previous report is omitted because so few schools made any report on the results in third grades. Another set of tables appears as Tables Bi, B2, B3, etc. , to B12, which gives median results in each subject, grade by grade, for both the October and the May series of tests, and also gives the...
