Excerpt: Censorship of music is the practice of restricting free access to musical works. This censorship may stem from a wide variety of motivations, including moral, political, military or religious reasons. Censorship can range from the complete government-enforced legal prohibition of a musical work, to private, voluntary removal of content when a musical work appears in a certain context. An example of this latter form of censorship is the radio edit. In order to allow songs to be played wherever possible, it is common to censor particular words, particularly profanity. Some music labels or artists produce censored versions themselves, sometimes with alternative lyrics, to comply with the rules set by various radio and television programs. Some stations decide to censor them themselves using one of several methods: An early example...

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
