THE RELATIONSHIPS AMONG COGNITIVE CORRELATES AND WORD READING

LAP Lambert Academic Publishing Dez 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x10 mm. This item is printed on demand - Print on Demand Neuware - This book explored the cognitive correlates that best predicted irregular word, non-word, and word reading, and reading performance of typical and poor readers. The findings indicated that processing speed had the strongest correlation with irregular word reading, whereas rapid automatized naming (RAN) had the strongest correlations with word reading and non-word reading. As with previous...

Reviews

A new electronic book with a new viewpoint. I could comprehend almost everything using this written e publication. You won't really feel monotony at whenever you want of your own time (that's what catalogues are for concerning in the event you request me).

-- **Zachariah Cole III**

Extensive manual for book lovers. It really is simplistic but excitement from the 50 % of your pdf. You won't feel monotony at anytime of your time (that's what catalogs are for regarding if you check with me).
