Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Outlines of Logic, Psychology and Ethics The following pages do not lay claim to originality of thought, or even of language. But they cover the whole ground of the Mental and Moral Philosophy Course for the London University Pass B.A., and, in manuscript form, have been found useful by students preparing for that examination. In later years the questions on each branch of the course appear to have been set from a constantly enlarging circle of text-books; and the student who confines himself to one or two authorities, however excellent these may be, is sure to meet with many questions for which he is totally unprepared; while, if he extends the range of his reading, he is very likely to concentrate his attention on what is superfluous and, for his immediate purpose, without value.
